U.S. Army Corps of Engineers Update

Our mission is to deliver solutions and manage resources supporting regional and national requirements through an expert team of multidisciplinary professionals utilizing best engineering practices and strategic partnerships to reduce disaster risk, strengthen the economy and support national security.

- The Louisville District is comprised of 1229 DA civilians and 8 active-duty military.
- The Louisville District executed over \$1.5B in contracts last year.
- Louisville District Flood Risk Management Projects have prevented over \$1B in damages since their inception.
- USACE Recreation facilities in KY provide over \$500M each year in economic benefits.
